As you likely know, the Parks Foundation has ambitious plans for the coming year! We will partner with Sonoma County Regional Parks to enhance beloved Spring Lake Regional Park in anticipation of the park's 50th anniversary. We'll continue to fund important trail projects, including construction of eight more miles of trails at Taylor Mountain Park & Preserve. And we'll support projects that bolster climate resilience and protect water resources in parks throughout the county. Donations like yours make these improvements possible.

Your gift also supports vital programs, including K-6 classroom programs, field trips and summer camps, as well as internships and programs for teens like YES! Coast and YES! River. Our goal is to encourage exploration of parks, the environment, and career opportunities through hands-on experiences. We strive to spark a life-long passion not only for protecting our beautiful regional parks, but also for stewarding the planet.

Many people are surprised to learn that the majority of Parks Foundation contributions comes from individual donors like you, including gifts of stock, IRA qualified charitable distributions and bequests. Thank you for demonstrating your care for our parks with your thoughtful gift.

With appreciation,
